

FR Competitor Advisory Memo

No: CAMFR-2023-006
Date: September 28, 2023
Event: VIRginia International Raceway
Subject: Hankook Wet Weather Tire Availability

Teams & Drivers,

Wet Weather Tires:

FR Teams in need of wet weather tires for the upcoming event at VIRginia International Raceway (VIR), need to order and pay for tires in advance from Hankook for delivery at the VIR event. Hankook Tire does not travel wet weather tires on their transporter to events. Tires need to be ordered by teams in advance. There is no restriction on wet weather tires, and they never need to be declared or scanned.

Tire orders are due now for the upcoming event.

Scott Goodyear
Race Director
