SPECIFICATIONS AND USAGE

The Ligier JS F4 Series logo is preferred on a white background:

The Ligier JS F4 Series logo can also be placed on a dark background:

Use the alternate solid black and white versions only when a color version cannot be used, specifically on single ink print applications. Should only be used in rare occasions. Poor quality reproduction such as faxes or logomarks reproducing smaller than 3/4" qualify in these instances.

DIGITAL FILES

Included in this guide on the following page are the Adobe Illustrator digital files necessary for proper utilization and execution of the Ligier JS F4 Series logo brand identity.

These files are the industry standard for digital output. When choosing a file type for any high quality output where premium resolution is necessary, use files with the .eps designation, which can be scaled to any size without any degradation in quality and include PMS, CMYK and RGB color designation.

LOGO ISOLATION AREA

When using any of the digital files included in this guide, a minimum isolated space should remain around all four sides of the Ligier JS F4 Series logo.

Elements not belonging to the mark, such as type, other symbols, or photographs should not be placed within the area at any time.
